“Transition and Adaptation”

TAM Chi Wing

Bachelor of Chinese Medicine

Year 4 (5-Year Curriculum)

HKU

Striking a balance – Sophistication in Simplicity

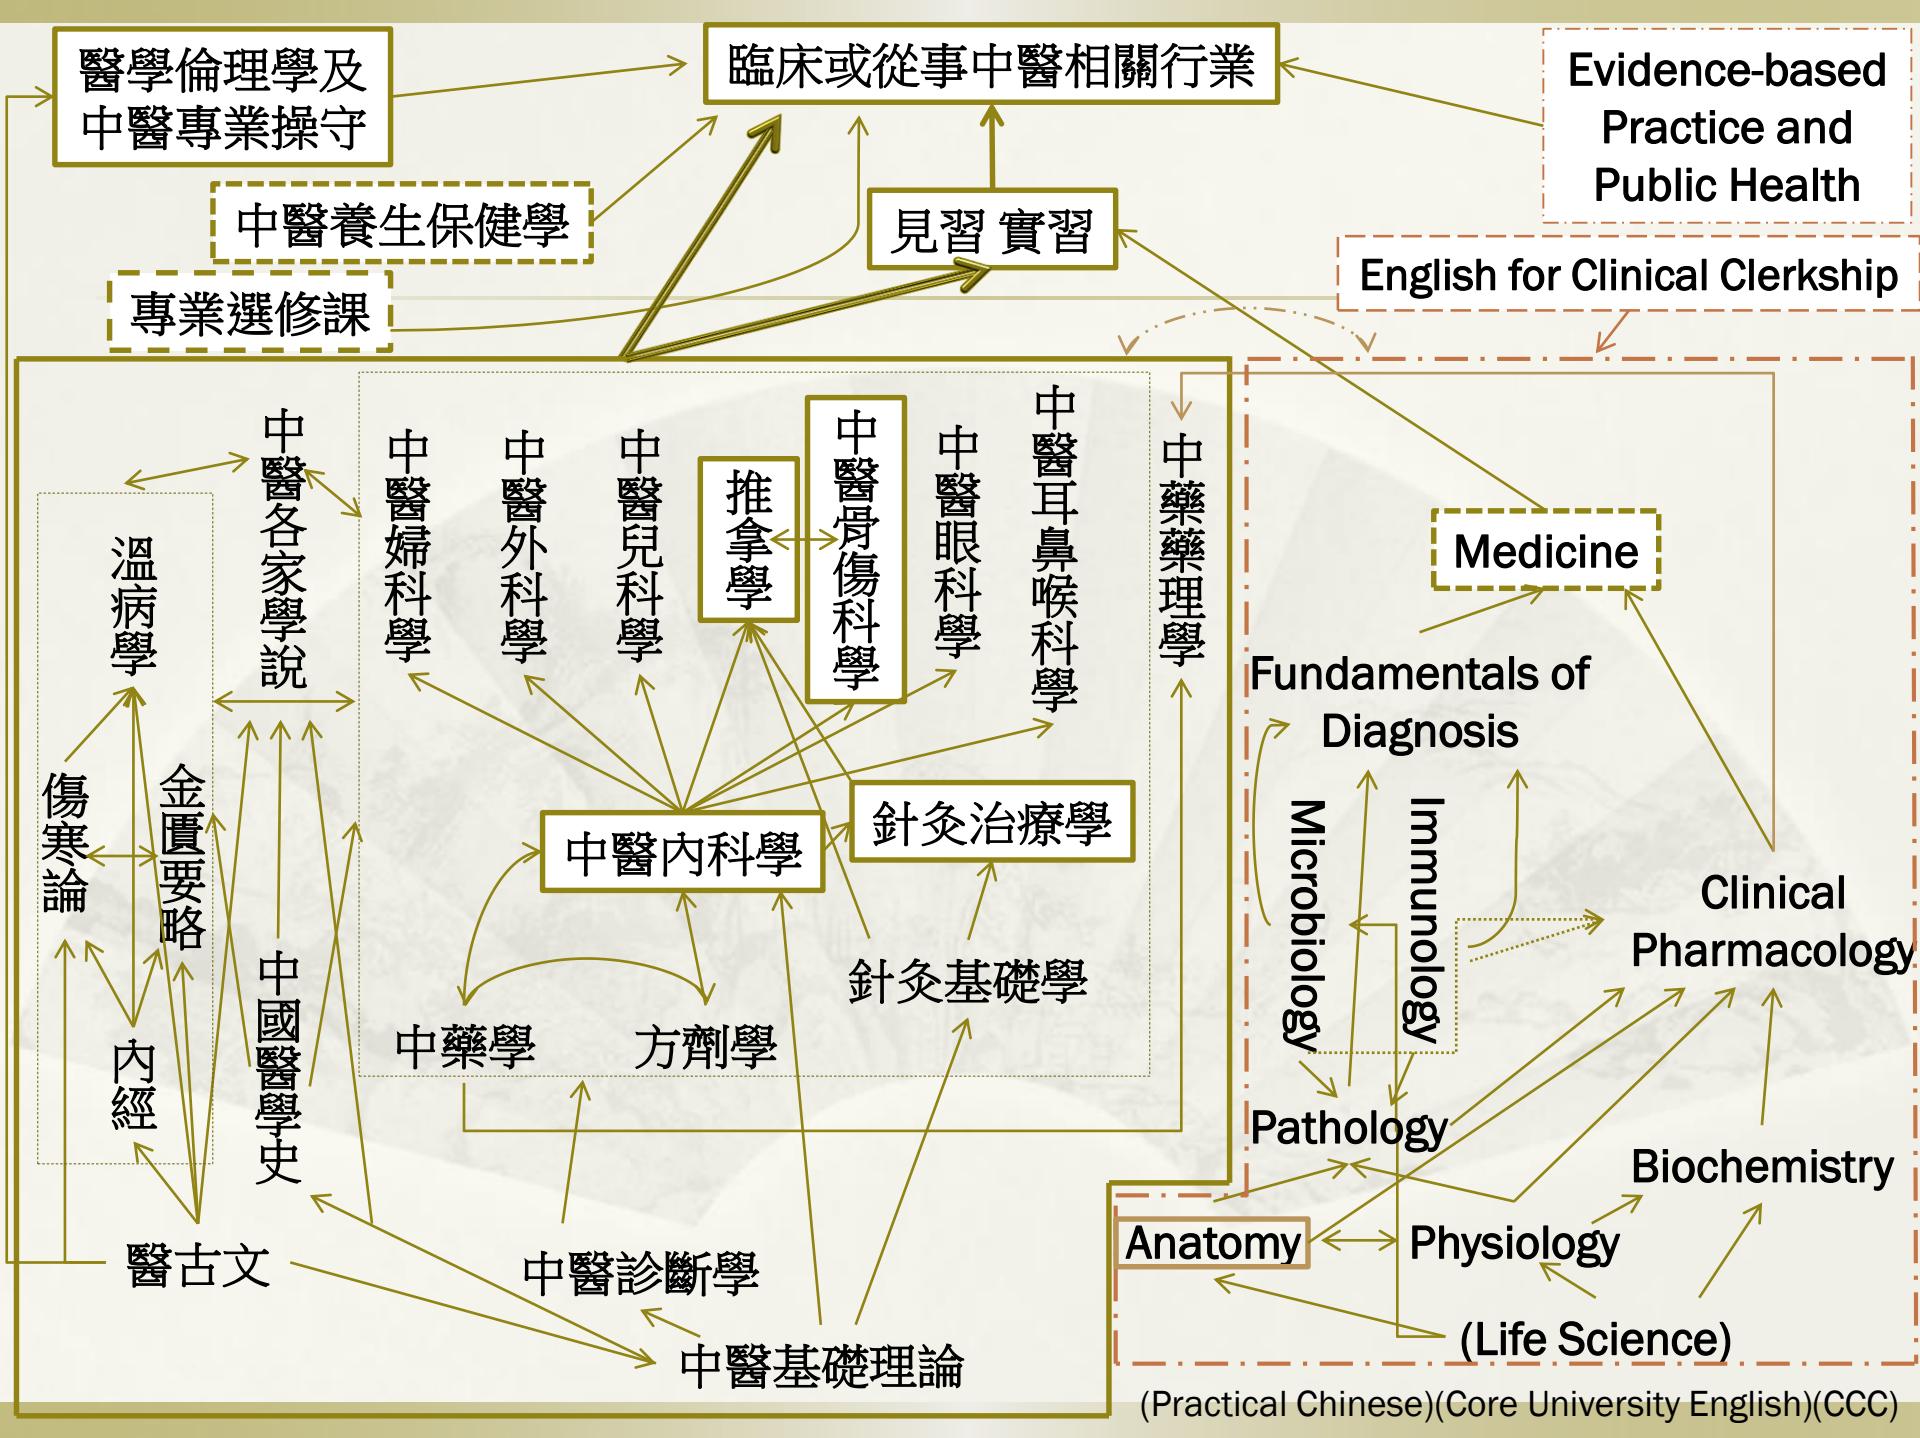

Background

- * No. of years of study: 5->6 (Same as MBBS)
- * First year intake: 24
- * Registration requirement:
Exam Part I (Written) & II (Oral)

Our Class

Curriculum

(i) Chinese Medicine Foundation Courses

- | | |
|----------|---|
| BCHM1001 | Foundation Theories of Chinese Medicine 中醫基礎理論 (12 credits) |
| BCHM1002 | Archaic Chinese Medical Literature 醫古文 (6 credits) |
| BCHM1003 | History of Chinese Medicine 中國醫學史 (3 credits) |
| BCHM1004 | Chinese Materia Medica 中藥學 (12 credits) |
| BCHM2001 | Diagnostics of Chinese Medicine 中醫診斷學 (12 credits) |
| BCHM2002 | Chinese Medicine Prescriptions 方劑學 (9 credits) |
| BCHM4011 | Pharmacology of Chinese Medicine 中藥藥理學 (3 credits) |

(ii) Chinese Medicine Classical Texts Courses

- | | |
|----------|---|
| BCHM2004 | Treatise on Exogenous Febrile Diseases 傷寒論 (6 credits) |
| BCHM2103 | Canon of Chinese Medicine 內經 (3 credits) |
| BCHM3001 | Golden Chamber 金匱要略 (6 credits) |
| BCHM4001 | Seasonal Febrile Diseases 溫病學 (6 credits) |
| BCHM4002 | Schools of Thought of Chinese Medicine 中醫各家學說 (3 credits) |

(iii) Chinese Medicine Clinical Courses

- | | |
|----------|---|
| BCHM2005 | Life Cultivation and Health Care of Chinese Medicine 中醫養生保健學
(3 credits) |
| BCHM3002 | Chinese Internal Medicine 中醫內科學 (21 credits) |
| BCHM3004 | Tui-na of Chinese Medicine 推拿學 (3 credits) |
| BCHM3009 | Foundation of Acupuncture 針灸基礎學 (6 credits) |
| BCHM4016 | Therapeutics in Acupuncture and Moxibustion 針灸治療學 (6 credits) |
| BCHM4003 | Surgery of Chinese Medicine 中醫外科學 (9 credits) |
| BCHM4004 | Gynaecology of Chinese Medicine 中醫婦科學 (9 credits) |
| BCHM4005 | Paediatrics of Chinese Medicine 中醫兒科學 (9 credits) |
| BCHM4006 | Traumatology and Orthopaedics of Chinese Medicine 中醫骨傷科學 (12 credits) |
| BCHM4007 | Otorhinolaryngology of Chinese Medicine 中醫耳鼻喉科學 (3 credits) |
| BCHM4012 | Ophthalmology of Chinese Medicine 中醫眼科學 (3 credits) |

*  NEW + Medical Ethics and Professionalism in Chinese Medicine

* (iv) Biomedical Sciences Courses

- * Anatomy (9 credits) →
- * Physiology (6 credits) →
- * Biochemistry (3 credits) →
- * Pathology (6 credits) →
- * Microbiology (3 credits) →
- * Immunology (3 credits) →
- * Fundamentals of Diagnosis (12 credits)
- * Evidence-based Practice and Public Health (3 credits)
- * Medicine (6 credits) →
- * Clinical Pharmacology (6 credits) →

Life Science
I - IV

Plus...

- * Disciplinary Elective Courses
- * Field Trip
- * Clinical Attachment and Practicum
- * Clinical Clerkship

Striking a balance – Sophistication in Simplicity

CM Courses...

- * Herbs and Herbal Formulae
- * Meridians and Acupoints
- * Abstract Theories
- * Classics
- * Lack of Simulations
- * And more on applications...

1 痘論：黃帝問曰：痺之安生。歧伯對曰：風寒濕三氣雜至，合而為痺也。其風氣勝者為行痺，寒氣勝者為痛痺，濕氣勝者為著痺也。帝曰：其有五者，何也。歧伯曰：以冬遇此者為骨痺，以春遇此者為筋痺，以夏遇此者為脈痺，以至陰遇此者為肌痺，以秋遇此者為皮痺。帝曰：內舍五藏六府，何氣使然。歧伯曰：五藏皆有合病，久而不去者，內舍於其合也。故骨痺不已，復感於邪，內舍於腎；筋痺不已，復感於邪內舍於肝；脈痺不已，復感於邪內舍於心；肌痺不已，復感於邪內舍於脾；皮痺不已，復感於邪，內舍於肺，所謂痺者，各以其時，重感於風寒濕之氣也。

2 痘論：凡痺之客五藏者，肺痺者，煩滿喘而嘔；心痺者，脈不通，煩則心下鼓，暴上氣而喘，嗌乾善噫，厥氣上則恐；肝痺者，夜臥則驚，多飲數小便，上為引如懷；腎痺者，善脹，尻以代踵，脊以代頭；脾痺者，四肢解墮，發欬嘔汗，上為大塞；腸痺者，數飲而出不得，中氣喘爭，時發飧泄；胞痺者，少腹膀胱，按之內痛，若沃以湯，瀉於小便，上為清涕。

3 痘論：陰氣者，靜則神藏，躁則消亡。飲食自倍，腸胃乃傷。淫氣喘息，痺聚在肺；淫氣憂思，痺聚在心；淫氣遺溺，痺聚在腎；淫氣乏竭，痺聚在肝；淫氣肌絕，痺聚在脾。諸痺不已，亦益內也，其風氣勝者，其人易已也。帝曰：痺，其時有死者，或疼久者，或易已者，其故何也。歧伯曰：其入藏者死，其留連筋骨間者疼久，其留皮膚間者易已。

4 痘論：帝曰：其客於六府者何也。歧伯曰：此亦其飲食居處，為其病本也。六府亦各有俞，風寒濕氣中其俞，而飲食應之，循俞而入，各舍其府也。帝曰：以鍼治之，柰何。歧伯曰：五藏有俞，六府有合，循脈之分，各有所發，各隨其過，則病瘳也。

5 痘論：帝曰：榮衛之氣，亦令人痺乎。歧伯曰：榮者水穀之精氣也，和調於五藏，灑陳於六府，乃能入於脈也；故循脈上下，貫五藏絡六府也。衛者水穀之悍氣也，其氣慄疾滑利，不能入於脈也；故循皮膚之中，分肉之間，熏於肓膜，散於胸腹，逆其氣則病，從其氣則愈。不與風寒濕氣合，故不為痺。帝曰：善。痺或痛，或不痛或不仁，或寒，或熱，或燥，或濕，其故何也。歧伯曰：痛者，寒氣多也，有寒故痛也。其不痛不仁者，病久入深，榮衛之行滯，經絡時踈，故不通，皮膚不營，故為不仁。其寒者，陽氣少，陰氣多，與病相益，故寒也；其熱者，陽氣多，陰氣少，病氣勝陽，故為痺熱。其多汗而濡者，此其逢濕甚也，陽氣少，陰氣盛，兩氣相感，故汗出而濡也。帝曰：夫痺之為病，不痛何也。歧伯曰：痺在於骨則重，在於脈則血凝而不流，在於筋則屈不伸，在於肉則寒，故具此五者，則不痛也。凡痺之類，逢寒則蟲，逢熱則縱。帝曰：善。

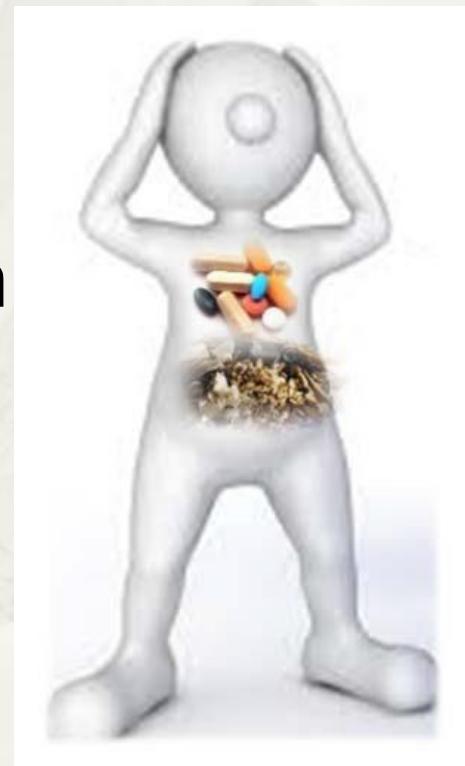

1 素問·痺論篇第四十三	2 三痺一按病因及主要症狀分	3 五脉（五體痺）一按形體及季節分	4 傳變一客於五臟	5 五臟痺、腸痺、胞痺的臨床表現 (校注)
6 痺客於五臟的條件？ 五臟痺的診斷？	7 痺之易難雜治	8 傳變一客於六腑	9 六腑痺	10 痺的針刺治療
11 營衛逆而受邪而為痺	12 瘧的發病類型與體質關係	13 補充痺的症狀	14 痺論篇總結	15 痺的藥物治療

Biomedical Sciences Courses...

- * NOW: WM knowledge unavoidable
- * FUTURE: Development for healthcare delivery
- * CM & WM surprisingly match in many areas

FAQs

- * Do we really need to know that much?
- * Time and effort allocation?
- * Major obstacles (according to unofficial stat):
 - * Anatomy
 - * Clinical Pharmacology
 - * Supp. exams/ even retake...

In General...

- * Seldom stress ourselves after school- **Timeout!**
- * Girls and Boys...
- * Relatively less tensed
- * Personal: Work-life balance in dynamic equilibrium >> disequilibrium
- * Interpersonal:
 - * Exchange of ideas
 - * Offering help to peers
 - * (Temporary) Study groups
 - * Class activities

Relax~

My Way...

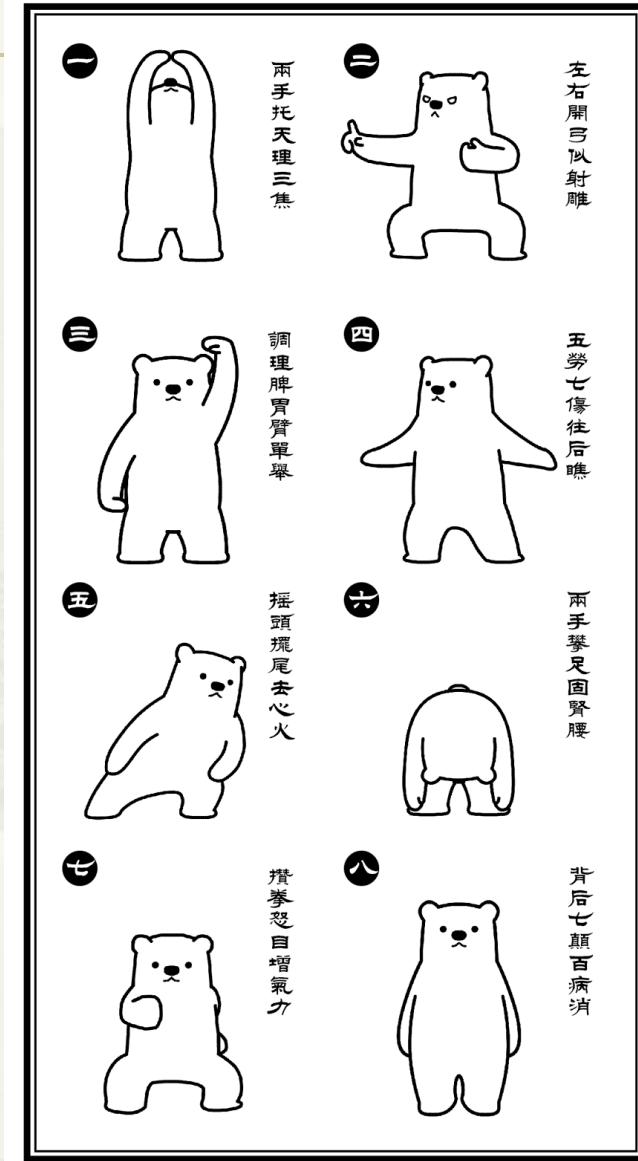

- * Stress->Motivation
- * ->Wellbeing of the needy
- * Time management skills
e.g. to-do list

(iii) Chinese Medicine Clinical Courses

BCHM2005 Life Cultivation and Health Care of Chinese Medicine 中醫養生保健學
(3 credits)

* It really helps!

辦公室八段錦

同學們在學習和工作中常常沒有時間運動
現在多福為您帶來了辦公室八段錦
辦公室八段錦 強身健體 簡單易學
