

Professor Ricky YK Kwok
Associate Vice-President (Teaching and Learning)
The University of Hong Kong

Biography:

Ricky Kwok is Associate Vice-President (Teaching and Learning) at the University of Hong Kong (HKU), assisting the Vice-President and Pro-Vice-Chancellor (Teaching and Learning) in various T&L endeavors related to e-learning (e.g., MOOCs, learning management systems, big data in e-learning). He leads the Technology-Enriched Learning Initiative (TELI), a team of e-learning technologists, instructional designers, multimedia professionals, researchers and collaboration coordinators who use technology as a tool to build genuine partnership with stakeholders in teaching and (e-)learning. Ricky is also a Professor in Electrical and Electronic Engineering. He is a Fellow of the HKIE, the IEEE, and the IET. Apart from e-learning related design and development work, his recent research endeavors are mainly related to machine learning systems and applications.
